

The Experience:

Participants will work in teams as detectives to track down the culprits of three major robberies using the evidence left at the scene of each crime.

In a fast paced immersive experience, each team must cross-reference the clues received, eliminate suspects and identify the true criminal.

MUSEUM CAPER™

NEW YORK  PARIS  LONDON

Key Learning Outcome:

- Provide timely feedback that will keep the team progressing to the goal
- Collaborate and achieve team / big picture goals
- Improve accuracy and efficiency of communication
- Improve the way we listen to each other.

The Details:

Teams have a very short duration of 10 mins within which they need to come together as one unit. They get 3 opportunities for solving 3 different crimes.

After each crime is solved, teams will have an opportunity to identify best practices and ways to improve in order to solve the next one more effectively.

Practical Details:

- Groups of 15 (minimum) to over 100
- Teams of 5 participants
- Approx. 150 minutes
- Suitable for Cross-functional and intact teams
